Annual number of days max temperature is greater than 90°F: 57
Annual number of days max temperature is greater than 100°F: 5
Annual number of days max temperature is less than 32°F: 8
Annual number of days min temperature is less than 32°F: 89
Annual number of heating degree days (HDD): 3961
Annual number of cooling degree days (CDD): 1690
Annual length of growing season: 203 days
Date of first fall freeze: October 27
Date of last spring freeze: April 6

Annual snowfall: 3.3 in.
Annual percent sunshine (2006-2020): 62%
Annual number of thunderstorm days (1901-1995): 53
Annual number of hail (>1 in.) days (1986-2015): 4-5
Annual number of tornadoes (1950-2021): 0.57
Total number of tornadoes (1950-2021): 41

Notes:
1.) Average first and last freeze dates are based on the 50th probability percentile.
2.) Unless noted, averages/normals are based on the 1991-2020 period.
**RECORDS & EXTREMES**

- **Record high temperature:** 116°F (July 14, 1954)
- **Record low temperature:** -28°F (February 10, 2011)
- **Earliest freeze date:** October 14
- **Latest freeze date:** April 26
- **Wettest year:** 66.89 in. (1973)
- **Driest year:** 19.88 in. (1963)
- **Greatest daily rainfall:** 9.15 in. (July 7, 1958)
- **Greatest seasonal snowfall (Sep - Apr):** 22.0 in. (1984-1985)
- **Greatest daily snowfall:** 16.3 in. (February 1, 2011)

**WIND**

**Average wind speed:** 8 mph

**Wind Roses:** Wind roses show the prevailing direction from which the wind is blowing. North is up in the image. The circles show the percentage of time from which the wind is blowing in that direction, as well as the percentage of time for different wind speed ranges. The wind speed ranges are represented by different shades of color. For example, Miami records a south wind about 17% of the time, with winds blowing between 5 and 10 mph about 7% (11% - 4% = 7%) of the time from that direction. The table below shows the percentage of time the wind is blowing from each of the 16-point compass headings, and the percent of time the prevailing wind is recorded in each speed bin.
